One BOOK

In a world of shifting ideas and conflicting voices, your child must have a strong foundation.

Your child needs to know:

**Who God is,
Who he or she is in Christ,
And how the world works.**

For over fifty years, BJU Press has partnered with you, as parents, to instill a strong foundation in your child's life. With our resources, your child will be equipped to think critically and navigate the world with confidence in their faith.

NEW for 2025

See page 5 for a list of new video courses.

Our Distinctives

BJU Press is ready to partner with you and support you all the way. Our curriculum aligns with the four distinctives of our educational philosophy—biblical worldview shaping, active learning, critical thinking, and educational technology.

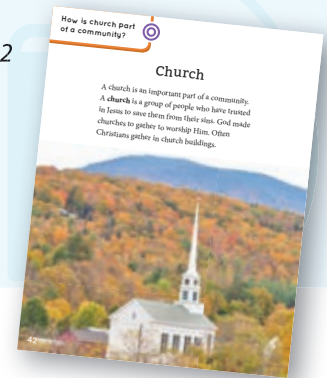

Biblical Worldview Shaping

Biblical worldview shaping is at the heart of all BJU Press materials. As your child explores the world, the Bible's narrative of Creation, Fall, and Redemption should be used as a framework for understanding. BJU Press materials lead your child to view these subjects through the lens of biblical teaching.

Example

Heritage 1, 4th ed., p. 42

Your student will learn that church is a vital part of community.

Active Learning

Education involves both head and heart. BJU Press wants to shape how your child thinks about academic subjects in a way that is active and not passive. Active learning is an engaging learning experience that invites your child to connect with appropriate content and apply knowledge and skills in memorable ways.

Example

Science 4, 5th ed., p. 405

Your student will use modeling clay to build models of landforms and create an imaginary continent. Activities like these are engaging, and your child will more easily connect with what has been taught.

Critical Thinking

Analysis, evaluation, and creation are critical-thinking skills that are essential to 21st century learning. BJU Press wants to equip you with resources to teach your children not just what to think but how to think so that they can discover the joy of learning.

Example

World Studies Activities, 5th ed., p. 133

While learning about the history of Africa, students analyze one of David Livingstone's writings.

Educational Technology

Education in the 21st century requires the infusion of technology use for your student's learning experience. BJU Press offers a variety of digital resources crafted to complement our printed resources so we can help your child learn well.

Example

Life Science, 5th ed., p. 55

After learning about DNA replication, students create a live action animation of this process. This is also an example of active learning.

Video Courses

Perfect for *busy families*.

We equip your student with everything needed to excel in each subject. With songs, skits, special activities, and more, every lesson is captivating and impactful. Plus, our teachers focus directly on your child—not an entire classroom.

Homeschool *anywhere*.

Whether at home or on the go, if you have an internet connection, you can homeschool wherever and whenever you need to!

You can have access to all of your student's video courses and the digital resources you need to be successful. Our online video courses include access to available eTextbooks, online testing with automatic grading (for grade 5–12 courses), gradebooks, and more!

See pages 116–21 for details.

Ready, Set, Homeschool!

1

Choose your unique learning style.

Explore our subject and grade kits, available in three options: online videos, DVD, or textbook. Choose the one that best fits your family's needs!

You can choose from:

- **Captivating Video Lessons:** Make learning come alive with a full year of engaging content, complete with textbooks and teacher resources at your fingertips.
- **Traditional Textbook Learning:** Prefer a hands-on approach? Embrace our visually stunning textbooks, packed with insightful notes and helpful guidelines.

2

Select a full-grade kit or individual subjects.

Grade Kit

If you purchase our full-grade kit, everything you need for an entire school year is bundled up and ready to go, eliminating the chaos of planning and shopping.

Subject Kit

Prefer to customize your journey? Our subject kits offer everything you need for a specific course, allowing you to mix and match courses to best fit your student's needs!

3

Buy your materials.

It's time to set the stage for an incredible school year!

Visit bjupresshomeschool.com to order everything you need for your homeschooling year.

- **Need a little extra time to pay?** No worries! With our flexible payment plan, you can buy your materials today with just 15% down and pay the remaining balance over the next nine months. It's never been easier to invest in your student's future.
- **Need assistance?** Our HomeWorks Consultants can help you find the right materials and exclusive curriculum discounts. Connect at bjupresshomeschool.com/meetings-and-consultants

4

Get excited for your homeschooling year!

Be prepared for homeschooling:

Let's set the stage for an amazing year of learning! Here's how to get yourself and your student set up for success:

Unpack Your Order

Wait to open your order until all the boxes have arrived so that getting organized is simple and fun.

Join Homeschool Hub

Create your profile on the Homeschool Hub! Here, you can easily assign courses, create school schedules, and get materials ready. The BJU Press Homeschool Hub is your all-in-one learning management tool, assignment scheduler, and planner.

For more details, visit bjupresshomeschool.com/homeschool-hub

Connect on Social Media

Join our amazing online homeschool communities! Share experiences, gain insights, and connect with fellow homeschool parents who walk the same path as you. Check the inside back cover for more details.

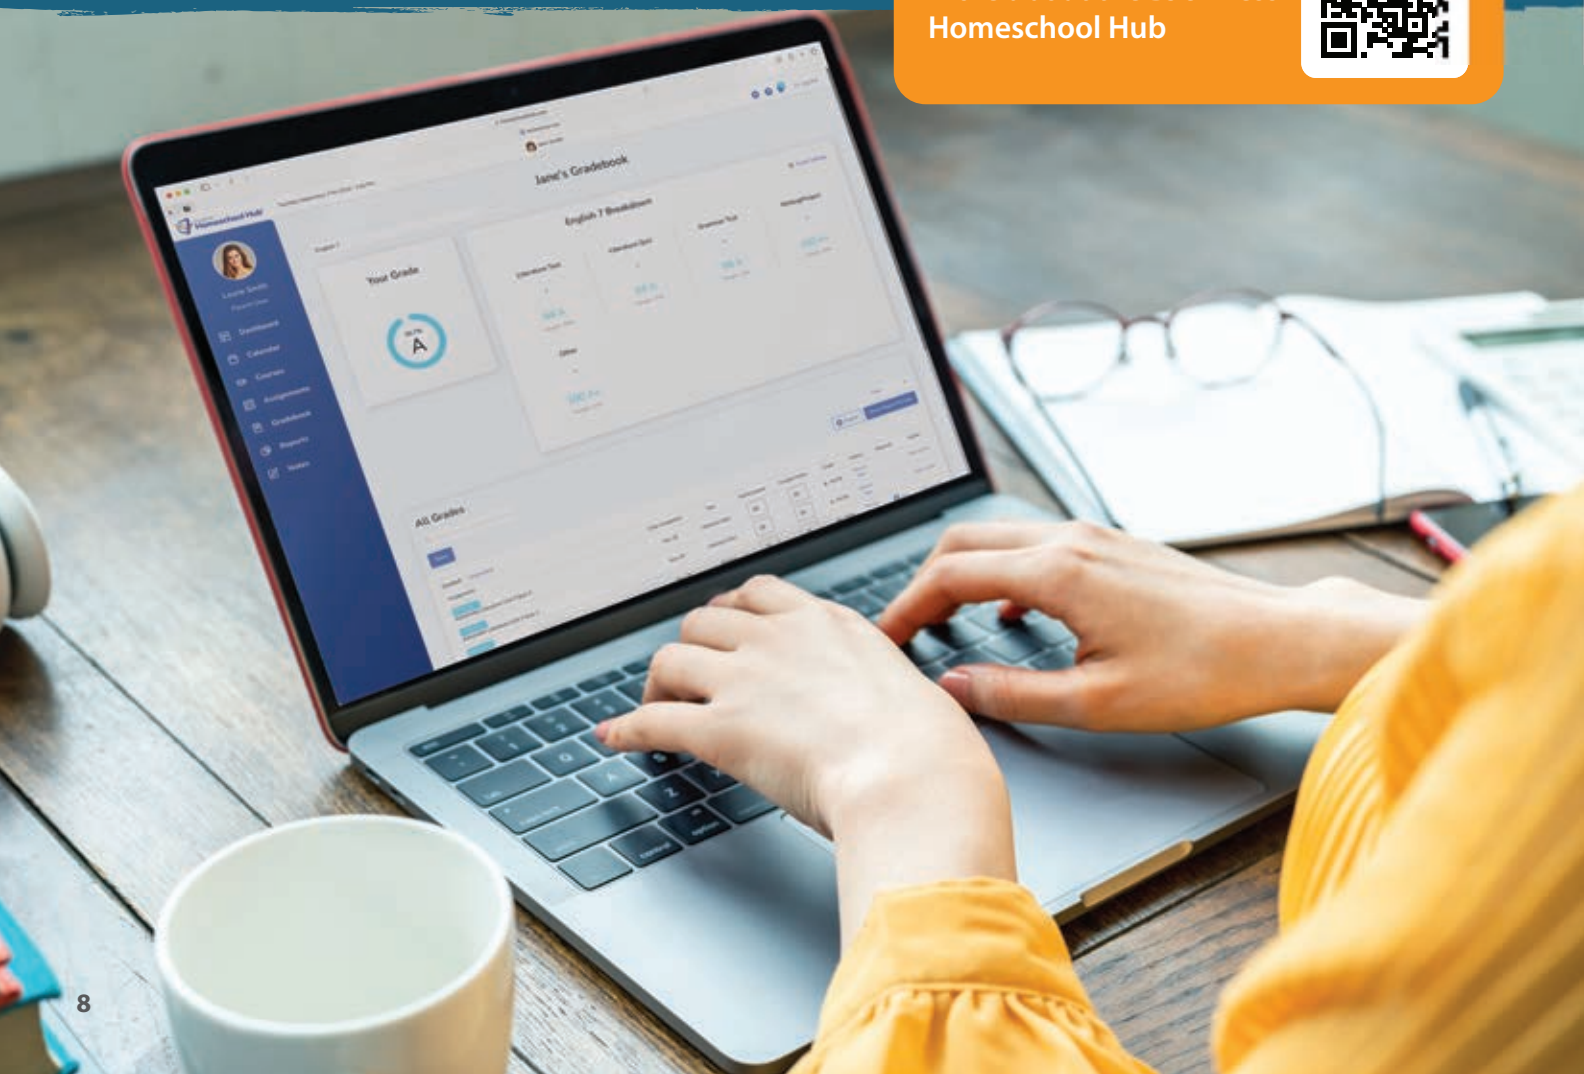

We hope you have an *amazing* homeschool year!

Homeschool Hub

Your *ultimate resource* for an organized homeschooling experience!

With our all-in-one platform, planning becomes a breeze. Effortlessly schedule courses, track progress, grade assignments, and unlock a world of possibilities for your child's homeschool journey. Dive into a stress-free journey of learning and watch your child thrive with the Homeschool Hub!

COMING AUGUST 2025!

Teacher Edition Companions

The Teacher Edition Companion is an *all-new* BJU Press homeschool resource designed specifically for *busy homeschool parents*.

We know that homeschooling is a busy, wonderful-but-challenging balancing act. At BJU Press, we provide a wealth of resources to support you as you teach your children. Each course includes online resources and a teacher edition full of teaching strategies, demonstrations, background information, and enrichment ideas.

However, we also recognize that sometimes you need a simplified, big-picture view of the lesson—something you can take in with just a glance to help you plan your day. That's why BJU Press created the Teacher Edition Companion.

At-a-Glance Lessons

This tool contains at-a-glance lessons for homeschool where you'll find each day's objectives, biblical worldview shaping statements, resources, materials, and some essential reading check questions to ask your child—all on one page. And because as the parent you know which activities and assignments will best help your child learn, each at-a-glance lesson also includes assignment options designed to help you customize based on your child's needs.

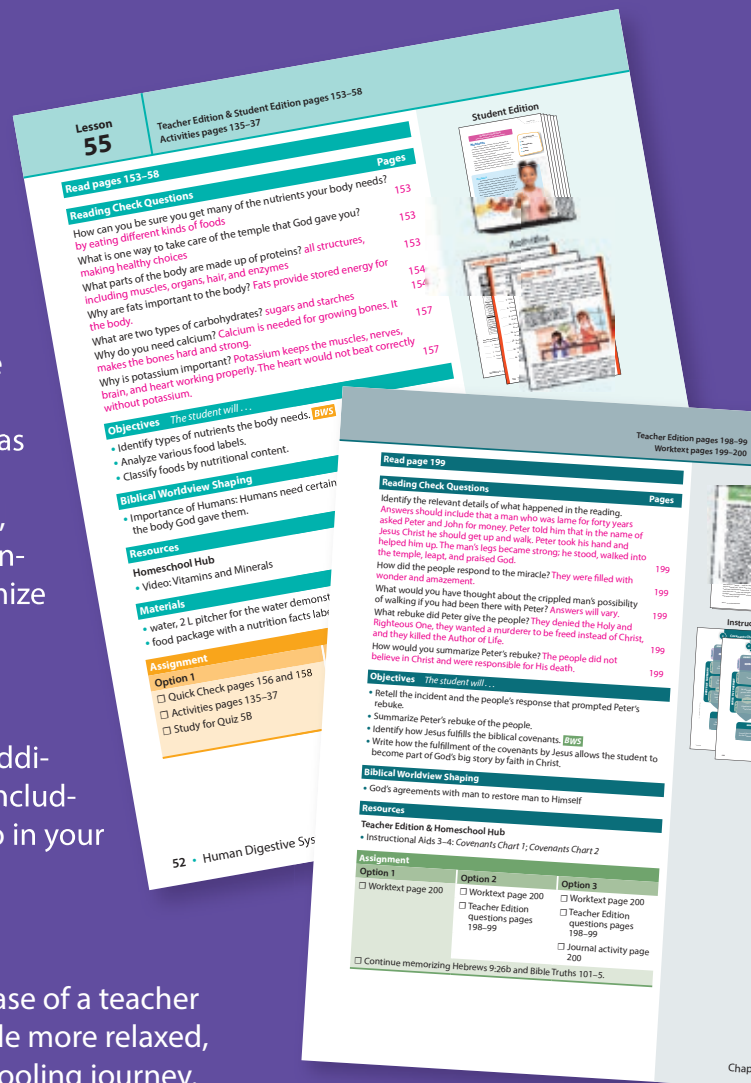

Extra Help

In the back of the Companion, you'll find additional resources for homeschool families, including review games and activities you can do in your home with only one or two children.

Affordable

This tool is completely free with the purchase of a teacher edition. We hope it helps you feel just a little more relaxed, organized, and confident in your homeschooling journey.

Whether you're *a brand-new homeschool mom or a seasoned pro*, the Teacher Edition Companion is for you!

Bible Courses

Our Bible curriculum will enable your child to understand the biblical framework of history, see Scripture as one cohesive story, and see Jesus Christ as the ultimate New Testament fulfillment of Old Testament promises. To prepare your child for life, our Bible curriculum builds biblical literacy and skill with Bible truths, memorized responses, a focus on the big picture narrative of the Bible, textual interpretation, doctrines, worldview development, and apologetics. With a variety of Bible courses available, you can select the one that best suits your child's needs. Bible courses for grades K5–3 are tailored to specific age levels, while our Bible courses for grades 4–12 are adaptable for all grades.

Video Teacher: Tiffany White

K5 Bible Truths (updated 2nd edition)

Lessons emphasize the importance of God's Word and Creation. The course will chronologically focus on Bible accounts ranging from Abraham to the apostle Paul, including the life of Christ. Character stories, activities, and discussions are designed to help children understand who God is and why it's important to live His way.

Bible Truths 2: A Servant's Heart (3rd edition)

A Servant's Heart encourages children to live the Bible as well as know the Bible through a chronological study of the Old and New Testaments. Lessons include Bible study skills, character traits, and hymn histories. Dramatic segments present heroes of the faith, while application stories show children their need of Christ as Savior and demonstrate ways to apply biblical principles to personal life situations.

Bible 4: The Pathway of Promise (1st edition)

This course shows students how the Old Testament books tell a single, connected story so they can develop clear foundations for a biblical worldview. In the path laid down in the Old Testament, they will follow the theme of redemption as it unfolds and see how the promise of Christ is the only possible answer to the need for redemption. Throughout the course, students will learn Bible study skills, foundations for apologetics, and Bible truths. The video course option provides segments to solidify understanding.

Bible 5: The Fullness of Time (1st edition)

This course surveys the New Testament, basic Bible themes, and how to apply what students learn from the Bible to their lives. In daily lessons, children learn how to practice methods of Bible study so they can come to know God better by spending time with Him. Daily lessons include memory verse review, time to read the passage, special video segments for illustration, and time to do worktext pages.

The Story of the Old Testament

This course surveys the Old Testament, following the big storyline of Scripture, while also helping students study the Bible using an inductive approach. Lessons go over daily reading from the textbook with student activities and will include opportunities to practice observation skills in Scripture readings. Video segments develop Bible study methods to give students a hands-on approach to learning the Bible.

The Life of Christ

This course will show your student the life of Christ through His words and His works. Your students will see the fulfillment of God's promises and connect significant events in the life of Christ with the big story of Scripture. Most lessons will lead your student through lessons from the life of Christ and involve inductive Bible study for hands-on experience.

Bible 9

Why the Bible Matters explains the Bible's design and function; how the Bible relates to science, history, and literature; and why the Bible is vital in making decisions. *Publish Great Things* presents the history of missions, emphasizes the involvement of laypersons, and addresses principles and procedures of missions. *That I May Know Him* presents basic Christian living skills by focusing on the example of Jesus as portrayed in the Gospel of Mark.

Bible Doctrines

This course leads your student through crafting a personal biblical worldview. Your student will explore doctrines in all the major categories and learn to apply biblical principles to everyday living. By forming personal doctrinal positions, your student will be better equipped to communicate the hope and truth of God's Word.

Bible 11

The Way of the Word teaches methods of Bible study, including principles of interpretation and application. It includes exercises that study a passage according to genre and context and that apply Scripture to contemporary situations. *What Is Truth?* contrasts the Christian worldview with the basic tenets of Hinduism, Buddhism, secular humanism, and postmodernism. *Beyond the Sun* presents an expositional view of Ecclesiastes, revealing God's perspective on the meaning of life in a fallen world.

Ethics

Ethics examines how we, as beings created in God's image, should think, feel, and act. This course guides your student through five worldview themes—authority, creational order, man's chief end, virtue, and wisdom—to connect ethics with real-life situations.

HomeWorks Consultant Spotlight

Elizabeth Milligan

Homeschool Mom & HomeWorks Consultant

When I was 14 and just entering high school, I was struggling with the pressure, both socially and academically. I sat my parents down and asked if they could homeschool me. They answered, “Yes!” with enthusiasm and zero hesitation. It was one of the best decisions we made for my life at that time, and I was truly blessed.

Now, with over a decade of homeschooling my own four children using BJU Press, I am so grateful to say that my children are thriving. Homeschooling with BJU Press continues to be such a blessing in our lives. My husband and I chose BJU Press because it instills a true biblical worldview. This was of utmost importance when we decided to educate our children, especially now in the times we find ourselves in. BJU Press aligns with our family’s values and ensures that the Lord is at the center of everything—including their education. Homeschooling allows our children to stay rooted in the Word, which is woven into BJU Press materials. This itself equips them, strengthens their character, and grows their faith.

I love how BJU Press allows us to customize and tailor the curriculum to each child. You may find us at a coffee shop enjoying the atmosphere and sipping our favorite drinks, indulging in a picnic at the lake or the park, or on our way to a sporting event—all while completing lessons for the day. The flexibility, advanced teaching, creative resources, and quality materials offer many options for learning. Flexibility allows each child to enjoy the activities they love, such as their horses, basketball, soccer, art, and everything in between. The advanced teaching ensures a strong academic level at the same time. The videos are a huge part of how our family uses BJU Press Homeschool. Because of the teachers’ kind, thorough, and engaging courses, our children look forward to their lessons. The Homeschool Hub also helps me stay organized and on top of their schoolwork amid our very busy lives.

When I first made the decision to homeschool my kids, I had a HomeWorks Consultant there to support me and help me in the early stages. She was so encouraging, not only in helping with the curriculum, but also with homeschooling in general. I know this launched our success and is the very reason I became so passionate about coming alongside other families and supporting them. Getting to know other homeschooling families, praying for one another, and sharing this life together has been my absolute favorite part about being a consultant.

Elementary

Pre-k

Preschool is the perfect time to introduce your child to school! Each of our preschool courses offers fun and playful activities that teach foundational lessons. Your preschooler will learn a biblical view of authority and how to relate to peers in a way that pleases God.

K3

Pathways for Preschool (2nd edition)

This one-volume Teacher Edition has a flexible teaching format for three-year-olds and is adaptable for two-year-olds. It includes circle times, songs, rhymes, games, crafts, and centers as well as age-appropriate activities that promote prereading skills with phonemic awareness and letter recognition as well as math, heritage studies, and science segments. The visuals and the activity packet encourage involvement and development of eye-hand coordination.

K5 Bible Truths (updated 2nd edition)

Lessons emphasize the importance of God's Word and Creation. The course will chronologically focus on Bible accounts ranging from Abraham to the apostle Paul, including the life of Christ. Character stories, activities, and discussions are designed to help children understand who God is and why it's important to live His way.

Subject Kits

Video Teacher: Beddy Rulapaugh

Math K5 (3rd edition)

Manipulatives and creative activities are used to develop a good foundation of math concepts, such as number sense, time, money, fractions, addition, subtraction, and geometry. Farmer and Mrs. Brown and Cheddar introduce math concepts, build number sense, and develop problem-solving skills.

2

Second grade has so many special moments to enjoy. Your second grader will continue to develop a biblical worldview through engaging stories, colorful characters, and stimulating writing activities that make learning fun.

Your second grader
builds on the foundation set
in first grade and begins to

- develop problem-solving skills,
- learn about the US government,
- and even start writing in cursive!

Grade Kits

Our homeschool courses come in a variety of formats that enable you to choose the approach that works best for your family. Your students can watch our recorded video lessons, or you can teach the lessons at your own pace. Many of our printed materials are also available electronically depending on the grade. For grade 2, our non-consumable textbooks are also available digitally. DVD kits now include complimentary online access. The Homeschool Hub also integrates with the approach you choose, making your homeschooling simpler and happier!

Looking for Bible?

See pages 12–17 for more details.

Bible Truths 2: A Servant's Heart (3rd edition)

A Servant's Heart encourages children to live the Bible as well as know the Bible through a chronological study of the Old and New Testaments. Lessons include Bible study skills, character traits, and hymn histories. Dramatic segments present heroes of the faith, while application stories show children their need of Christ as Savior and demonstrate ways to apply biblical principles to personal life situations.

Video Teacher: Debra Overly

Science 2 (5th edition)

This course will expand and deepen your child's understanding of matter and motion, earth and space, and living things. Your student will use science inquiry skills, complete STEM activities, and get hands-on experience testing and applying scientific knowledge. Daily lessons will include introductions to new concepts and vocabulary, demonstrations, hands-on activities, and special video segments.

English 2: Writing & Grammar (3rd edition)

English 2 gives children a purpose for learning grammar by teaching them how correct language honors God. The skills they learn are put into a context for continued use, and grammatical skills learned in grammar chapters are reinforced and emphasized in the writing chapters by giving the children an opportunity to practice what they have learned.

*Homeschool
in Action!*

3

Third grade involves many important milestones for your student. Your third grader will strengthen a biblical worldview perspective through writing reflections, engaging reading selections, and hands-on activities that make for fantastic and fun lessons!

Third graders will

- begin to study world cultures,
- start multiplying and dividing in math,
- read chapter books,
- and explore rocks and minerals.

Grade Kits

Our homeschool courses come in a variety of formats that enable you to choose the approach that works best for your family. Your students can watch our recorded video lessons, or you can teach the lessons at your own pace. Many of our printed materials are also available electronically depending on the grade. For grade 3, our non-consumable textbooks are also available digitally. DVD kits now include complimentary online access. The Homeschool Hub also integrates with the approach you choose, making your homeschooling simpler and happier!

Looking for Bible?

See pages 12–17 for more details.

Bible Truths 3: Following Christ (3rd edition)

Following Christ presents a chronological and thematic study of the Old and New Testaments that teaches children to know the Bible and to live the Bible. Heroes such as John Wesley and Augustine are presented in dramatic segments. Application stories teach about choosing friends, being a Christian example, and trusting God.

Subject Kits

Video Teacher: Debra Overly

Science 3 (5th edition)

This course navigates the wonders of space, biology, earth, and life science. Your students will learn to apply scientific knowledge and critical thinking as they complete various projects and experiments. This course demonstrates how a biblical worldview of science motivates us to glorify our Creator and help the people around us.

Math 3 (3rd edition)

Manipulatives are used to strengthen the understanding of place value, multiplication, and division as well as to introduce common fractions and decimal fractions. Children apply their understanding of numbers and operations to estimating, problem-solving, writing word problems, and making graphs. The teacher, discussion, and manipulatives are the keys to using these materials effectively.

*Homeschool
in Action!*

4

Fourth grade begins a new phase of elementary school in which students are beginning to understand more abstract ideas. Your fourth grader will continue to strengthen a biblical worldview through reading selections of notable texts, discussions of the World Wars, and STEM activities that equip students with engineering skills.

Your fourth grader will

- analyze patterns and cycles in science,
- read stories and articles in a variety of genres,
- and consider Old Testament narratives proving humanity’s need for a Savior.

Grade Kits

Our homeschool courses come in a variety of formats that enable you to choose the approach that works best for your family. Your students can watch our recorded video lessons, or you can teach the lessons at your own pace. Many of our printed materials are also available electronically depending on the grade. For grade 4, our non-consumable textbooks are also available digitally. DVD kits now include complimentary online access. The Homeschool Hub also integrates with the approach you choose, making your homeschooling simpler and happier!

Science 4 (5th edition)

Science 4 encompasses three main units: Life Science (structures and functions), Physical Science (energy and waves), and Earth Science (our amazing world). The course fosters understanding of these topics through hands-on activities, promoting critical thinking while instilling a biblical worldview and encouraging stewardship over God's creation. Additionally, there is a STEM feature that explores different career options.

Reading 4: Voyages (3rd edition)

This course guides readers toward comprehension and lifelong reading success by teaching reading strategies from a biblical worldview. Throughout the course, students will expand their vocabulary, develop reading comprehension, explore a variety of genres, practice study skills, and apply writing skills. Three leveled novel studies on *Sarah, Plain and Tall*, *Medallion*, and *The Lion, the Witch and the Wardrobe* are included with the printed Teacher Edition and each video course kit. Segments in the video course give students an engaging introduction to writing tools, different dramas, storytelling, and performing literature.

*Homeschool
in Action!*

5

The final elementary grade, fifth grade is a vital year as your student prepares for middle school. Your fifth grader will learn how to defend a biblical worldview perspective by analyzing and evaluating unbiblical viewpoints in science, literature, and heritage studies and formulating a biblical response.

Fifth graders start to

- multiply and divide fractions,
- investigate weather systems,
- and develop writing and presentation skills.

Grade Kits

Our homeschool courses come in a variety of formats that enable you to choose the approach that works best for your family. Your students can watch our recorded video lessons, or you can teach the lessons at your own pace. Many of our printed materials are also available electronically depending on the grade. For grade 5, our non-consumable textbooks are also available digitally. DVD kits now include complimentary online access. The Homeschool Hub also integrates with the approach you choose, making your homeschooling simpler and happier!

Video Teacher: Jessica Ingersoll

Science 5 (4th edition)

Your students will learn to appreciate the Creator as well as their own role in the world as they study minerals and rocks, fossils, matter and heat, sound and light, weather, biomes, ecosystems, and the respiratory and circulatory systems. Students will develop science-process skills by participating in hands-on activities and projects. Each chapter includes a lesson from Answers in Genesis that helps develop biblical worldview thinking.

Heritage Studies 5 (4th edition)

Heritage Studies 5 is a colorful, age-appropriate presentation of social studies that integrates civics, culture, economics, geography, and history. Your children will chronologically traverse United States history, starting with the first American settlers and concluding with the Obama administration. Your children will enjoy reading the "How It Was" features and the biographical sketches. An interesting activity is provided in each chapter to enhance learning. Each chapter includes historic art, maps, timelines, graphs, photos, and quick-check questions.

Video Teacher: Joanna Brennan

Math 5 (4th edition)

This course will instruct children in adding, subtracting, multiplying, and dividing whole numbers and fractions. Students will also learn geometric concepts including lines, angles, surface area, and volume. Each lesson will begin with a brief review before exploring and applying new concepts. Students will then attempt problems on their own before reviewing them with the teacher.

Reading 5: Quests (3rd edition)

This course cultivates an appreciation for literature by combining engaging selections with rich illustrations. The literature and informational selections help students build reading comprehension and evaluate what they read from a biblical worldview. Three leveled novel studies on *Misty of Chincoteague*, *Brady*, and *The Horse and His Boy* are included with the printed Teacher Edition and each video course kit. The video course also offers segments on writing tools, finding relevant background information, and dramatizations.

in Action!*

6

This year of transition to middle school has many important milestones for your student. Your sixth grader will learn to think about life from a biblical worldview through thought-provoking stories, vibrant visuals, and fun and enjoyable lessons.

Your sixth grader will

- examine a personal worldview,
- use ratios and proportions,
- and study living organisms.

Grade Kits

Our homeschool courses come in a variety of formats that enable you to choose the approach that works best for your family. Your students can watch our recorded video lessons, or you can teach the lessons at your own pace. For grade 6, our non-consumable textbooks, quizzes, and tests are also available online with any video course. DVD kits now include complimentary online access. The Homeschool Hub also integrates with the approach you choose, making your homeschooling simpler and happier!

English 6: Writing & Grammar (2nd edition)

Your child will continue to study sentences, nouns, pronouns, verbs, adjectives, adverbs, prepositions, and conjunctions. Graphic organizers help your child arrange ideas in the writing process. Your student will also practice writing a personal narrative, a newspaper editorial, instructions, a research report, historical fiction, a compare-contrast essay, a limerick, free verse, and a cover letter using the writing process.

*Homeschool
in Action!*

DVD segments included!

Elementary Spanish

These special DVD segments—also available on the Homeschool Hub—for the elementary Spanish kits will help your student learn basic Spanish vocabulary and grammar, as well as introduce them to cultures in multiple Hispanic countries. These lessons provide numerous opportunities to practice speaking Spanish with families and friends.

Pasaporte al español Kit A

Pasaporte al Español Kit A includes DVD segments with short videos introducing Spanish vocabulary and culture. This kit contains three progressive steps that build a foundation for your child to learn to speak, read, and write the language.

228320 Pasaporte al español Kit A	559.17
512178 Worktext Step 1 (included in kit)	34.44
503573 Worktext Step 2 (included in kit)	34.44
506485 Worktext Step 3 (included in kit)	34.44
211557 CD Set (4 CDs; included in kit)	123.33

**Pasaporte al español Kit A* includes Teacher Edition (steps 1–3), Student Worktexts (steps 1–3), charts, CD set (4 CDs), read-aloud books, Special Video Segments DVDs, and a hedgehog hand puppet, Choco.

Pasaporte al español Kit B

Pasaporte al Español Kit B includes DVD segments on Spanish vocabulary and culture that build on the content from Kit A. Your child will practice listening, speaking, reading, and writing the language to learn more about Spanish vocabulary, grammar, and culture. (Note: The teacher should have a basic knowledge of Spanish grammar and pronunciation to teach effectively.)

233767 Pasaporte al español Kit B	559.17
514026 Worktext Step 4 (included in kit)	34.44
515403 Worktext Step 5 (included in kit)	34.44
514034 Worktext Step 6 (included in kit)	34.44
233783 CD Set (4 CDs; included in kit)	123.33

**Pasaporte al español Kit B* includes Teacher Edition (steps 4–6), Student Worktexts (steps 4–6), charts, CD set (4 CDs), read-aloud books, Special Video Segments DVDs, and an iguana hand puppet, Nacho.

Vacation Stations

Parents, don't let your children lose their academic edge over summer break. What they learned during the year may begin to fade during the months school is out.

That's where Vacation Stations come in. Children in K5–grade 6 can maintain and sharpen their academic skills to prepare for the next grade by doing **just two pages a day** of math, language, and reading reviews. They will enter the next grade confident and prepared to continue their studies. Vacation Stations activity books blend meaningful, grade-appropriate practice with colorful characters and exciting themes to keep students engaged. When students are engaged, they enjoy learning.

Academy of Home Education

The desire to give your children the best education you can offer often goes hand-in-hand with the fear that you're not doing it right.

Partnership with the Academy of Home Education gives you the reassurance and confidence that you're doing everything you need to so your children can be fully prepared for the future.

What is the Academy of Home Education all about?

The AHE team dedicates themselves to serving homeschool families by providing record-keeping support, official transcripts, and an accredited diploma.

Our team empowers you to give your children an education that will let them take whichever steps they want after high school—whether those next steps are to an Ivy League university or a trade school. Our students have gone on to confidently apply at many schools including Clemson University, Virginia Tech, The Ohio State University, the United States Naval Academy, and Baylor University.

Get Started with the Academy of Home Education

Take advantage of the many benefits the AHE team offers by getting started as soon as possible! The application process is easy.

Check Your Eligibility

In addition to being homeschooled, students must meet eligibility requirements for membership in the Academy of Home Education.

Requirements for Elementary and Middle School

- Take a standardized achievement test and achieve at least the 5th stanine in all areas.
- Agree to use BJU Press materials for all subject areas that are available.

Requirements for High School

High school students must be 12 years old or older and complete the following:

- Submit an official transcript of previously completed high school courses (if starting after freshman year). Additional fees will apply to transfer a high school transcript.
- Agree to use BJU Press materials for all subject areas that are available.
- Take a standardized achievement test and achieve at least the 5th stanine in all areas.
- Take a learning abilities test and achieve a score of at least 90.

Applications

- Call or visit bjupresshomeschool.com/ahe-admissions to apply.
- **Applications are due by August 11, 2025.** We will accept late applications, but an additional fee will apply.
- Application fees (non-refundable) are \$75 for grades 1–8 and \$125 for high school.
- Contact the AHE team or a HomeWorks Consultant to apply.

Pricing

- Accredited Track: **\$439** per student
- Standard Track: **\$279** per student

Testing & Evaluation

It's time for your *testing checkup!*

Is your child's education a healthy one? Is his knowledge developing normally? Just as we check a young child's physical growth to ensure he is healthy, education needs benchmarks to check growth in learning. BJU Press has 40 years' experience in achievement testing, and we're here to help you with every step along the way—from ordering to results interpretation and more.

Academic Guidance

Standardized tests guide by showing strengths and weaknesses. Strengths give confidence, and weak scores help by providing course correction. Maybe your student scores well on tests but isn't retaining the material or isn't gaining critical-thinking skills. Test scores help you diagnose areas where your student needs to grow.

Objective Measurement

The measuring method of standardized tests allows students to overcome both real and perceived limits of chapter tests and final exams. Rather than assessing your child's education based on one textbook or teaching method, measure using the same scale used across the nation. Because of standardized testing's objectivity, accurate results are easy to achieve.

The Right Fit for Your Student

It is our goal at BJU Press Testing & Evaluation to provide your student with the best test and the most suitable format. While some students benefit from having a real test in their hands, others with a love of technology enjoy the online option.

Advantages for Online Testing

- Convenient format eliminates shipping worries.
- Scores are available sooner.
- You will not need to submit a test administrator application.
- The test includes testing tools (highlighter function, built-in calculator where appropriate).
- BJU Press provides an online test administrator to guide you throughout the process.
- The electronic format makes choices easy to mark.

Advantages for Paper/Pencil Testing

- The test administrator has more control over the testing process, including test dates.
- Test on your own schedule.
- Students with learning disabilities can receive accommodations.
- Students who have used answer documents in the past may enjoy this familiar format.

All content for *Iowa Assessments*™ Online is the same as the paper/pencil format, and all questions are multiple choice. *Iowa Assessments* and *CogAT*® both use 2017 comparisons (norms). The *Iowa Assessments* meets most state requirements and other standardized testing goals.

***See pages 110–111 for order information**

PHOTO CONTEST

Keep a lookout on our social media pages this summer to enter our annual photo contest. You could win some fancy BJU Press swag and be featured in next year's catalog!

Read. Learn. Grow.

From engaging adventures and classics for young readers to biographies and Bible studies, JourneyForth products maintain a biblical worldview and provide positive content you can trust for your family.

To explore our full catalog of over 250 JourneyForth titles for children and teens, visit journeyforth.com

Secondary

As a seventh grader, your student will master foundational knowledge and choose what kind of person to be. Seventh graders continue to develop a biblical worldview through connecting literary texts to self, analyzing other worldviews, and engaging in hands-on activities that make learning fun and engaging!

Your seventh grader will

- examine ancient civilizations,
- write stories and informational pieces,
- and connect the Old Testament with the biblical grand narrative.

Grade Kits

Our homeschool courses come in a variety of formats that enable you to choose the approach that works best for your family. Your students can watch our recorded video lessons, or you can teach the lessons at your own pace. For grade 7, our non-consumable textbooks, quizzes, and tests are also available online with any video course. DVD kits now include complimentary online access. The Homeschool Hub also integrates with the approach you choose, making your homeschooling simpler and happier!

Subject Kits

Video Teacher: Andrew Black

Life Science (5th edition)

This course surveys the structures and functions of many living things throughout our world. By studying plants, animals, and human beings, your student will see the power of God demonstrated in what He has created. Case studies, lab activities, and ethics discussions will also train your student to examine science from a biblical worldview.

*Homeschool
in Action!*

Video Teacher: Beth Cofer

English 7

The English 7 video course is a yearlong course that covers both *Exploring Themes in Literature* and *Writing & Grammar 7* daily.*

Writing & Grammar 7 alternates between teaching concepts in grammar and developing writing skills. Grammar lessons include teacher demonstrations, application of grammar concepts to writing, entertaining video segments showing the importance of grammar, and practice. Writing lessons include writing instruction, teacher modeling of writing skills, additional application of grammar, and time to work on writing projects through workdays. Video segments for writing chapters show application of writing skills.

Exploring Themes in Literature teaches students to evaluate literature from a biblical worldview. Lessons follow the reading process approach as the teacher introduces the content to be read, goes over new vocabulary, and discusses the reading before moving on to the next selection. Video segments for literature lessons unpack information about authors.

8

As an eighth grader, your student is finishing up middle school and preparing for high school! Your eighth grader will continue to strengthen a biblical worldview through strategic analysis of science, literary texts, and primary source materials.

Your eighth grader will

- analyze literature using biblical worldview themes,
- examine what it means to be an American from a biblical perspective,
- and handle rational and irrational numbers.

Grade Kits

Our homeschool courses come in a variety of formats that enable you to choose the approach that works best for your family. Your students can watch our recorded video lessons, or you can teach the lessons at your own pace. For grade 8, our non-consumable textbooks, quizzes, and tests are also available online with any video course. DVD kits now include complimentary online access. The Homeschool Hub also integrates with the approach you choose, making your homeschooling simpler and happier!

NEW

Pre-Algebra (3rd edition)

In this course your child will prepare for algebra while also exploring how math can serve God. Each lesson begins with review problems for warm up, followed by the introduction of new techniques demonstrated through examples. This course includes exercises for practicing each specific type of problem presented, and a focus on understanding both how and why each step is taken in solving problems, ensuring a thorough and clear presentation of the material.

English 8

The English 8 video course is a yearlong course that covers both *Making Connections in Literature* and *Writing & Grammar 8* daily.*

Writing and Grammar 8 will help your students to become clear, coherent, and well-developed communicators by giving them opportunities to learn from good writers and apply grammar and writing skills to their own writing. This course teaches students how to use written, spoken, and visual language to communicate clearly and effectively.

Making Connections in Literature gives students the reading strategies and literary skills they need to comprehend, analyze, interpret, and compare texts of different genres. They will evaluate both contemporary and classic selections and complete a full-length novel study of *Across Five Aprils*. Ultimately, this course encourages students to develop both artistic and biblical discernment so they can be creative, Christlike communicators.

9

Ninth grade marks the start of high school! As your child's attention span grows, the capacity for learning increases. Your ninth grader will strengthen a biblical worldview through STEM activities, literary analysis, and writing activities. Guided Bible study will teach your student to observe, interpret, and apply biblical texts.

Your ninth grader will

- explore geography around the world,
- learn physics and chemistry,
- practice graphing and probability,
- and analyze the fundamentals of literature.

Grade Kits

Physical Science (6th edition)

This course shows students how everything they do relates to chemistry and physics. It meets them where they are in life with real-world examples and applications. Chemistry and physics chapters explore key concepts for future study. Students will explore the structure of matter, changes in matter, how matter moves, and waves and energy. The video course provides engaging segments to introduce chapters and animated diagrams to support understanding.

Video Teacher: Bill Harmon

Algebra 1 (4th edition)

This course equips your student to use algebraic models to solve problems accurately and biblically in today's world. Your student will write algebraic expressions, use linear equations, and describe quantitative relationships. This course presents God's creative design as the foundation for reasoning, modeling, and ethics in mathematics.

For a complete educational experience, additional purchases are required. Students will need a TI-84 Plus (or equivalent) graphing calculator for this course.

Video Teacher: Sherri Vick

English 9

English 9 includes one semester of Writing & Grammar 9 and one semester of Fundamentals of Literature.*

In Writing & Grammar 9, students develop grammar skills in conjunction with writing skills. Grammar sections teach parts of speech, sentence patterns, phrases, and clauses. Writing assignments include a personal experience, a research essay, poetry, a personal response to literature, and a devotional.

Fundamentals of Literature teaches literary analysis by discussing six literary elements: conflict, character, theme, point of view, structure, and tone. Students will analyze and evaluate authors, works, and themes in light of Scripture. An English translation of Rostand's drama *Cyrano de Bergerac* is included in the book.

10

As a tenth grader, your student is nearly halfway through high school! Your tenth grader will learn how to think critically about life from a biblical worldview by examining the history of geometry, evaluating evolutionary positions, and reading classic and informational literature.

Your sophomore student will

- read selections from American and British authors,
- trace major patterns in world history,
- and explore cell biology and genetics.

Grade Kits

Our homeschool courses come in a variety of formats that enable you to choose the approach that works best for your family. Your students can watch our recorded video lessons, or you can teach the lessons at your own pace. For grade 10, our non-consumable textbooks, quizzes, and tests are also available online with any video course. DVD kits now include complimentary online access. The Homeschool Hub also integrates with the approach you choose, making your homeschooling simpler and happier!

NEW

Biology (6th edition)

The sixth edition of Biology explores the intricacies of life, homeostasis, and conservation from a biblical perspective. The course features standard lessons, quizzes, labs, engaging activities, discussions on ethics, worldview investigations, review sessions, and tests. Your child will develop a biblical worldview as they study homeostasis in biological systems at various levels, analyze living organisms, assess current and historical biological models, and address ethical issues in biology through a biblical lens, while also gaining hands-on experience in advanced laboratory techniques and modeling.

Geometry (4th edition)

This book provides an incremental approach to proofs in various formats and systematically promotes the review and retention of algebraic skills with an introduction to trigonometry. It encourages the use of technology, including detailed instructions for use of dynamic geometry software and the integration of STEM. An expansion of real-world modeling within a biblical worldview encourages practical application of geometry and biblical principles.

For a complete educational experience, additional purchases are required. Students will need a TI-84 Plus (or equivalent) graphing calculator for this course.

English 10

English 10 includes one semester of Writing & Grammar 10 and one semester of Elements of Literature.*

Writing & Grammar 10 builds upon foundational grammar concepts taught in previous grades and significantly expands student understanding of phrases, clauses, agreement, and pronoun reference. In addition, students will encounter writing strategies such as sentence expansion and reduction, coordination and subordination, and correct use of parallelism.

Elements of Literature includes instruction in five marks and modes and six genres of literature. It develops students' literary skills as they learn to interpret, analyze, and appreciate literature and evaluate it from a biblical worldview. Shakespeare's *Romeo and Juliet* is included, and new authors and selections broaden the text's fulfillment of national standards.

11

As a junior, your student is starting to think about what to do after high school. Your eleventh grader will learn how to think about life from a biblical worldview through analyzing the purpose and function of science, critiquing American literature, and evaluating primary source materials from US history.

Your eleventh grader will

- build a portfolio of written works,
- analyze events in US history,
- and explore chemical models.

Chemistry (5th Edition)

This course introduces the study of the structure and composition of matter and how matter interacts with other kinds of matter. Through consistent review and practice, students will understand more about science and learn how to solve complex problems with logic. Daily lessons include a brief review of previous material, discussion of new material as it relates to familiar content, lab activities, and additional review. Segments cover elements from the periodic table, and guided notes and Quizlets are also available.

Answers to activities from pages 126-27

Video Teacher: Beth Cofer

English 11

The English 11 video course is a yearlong course that covers both American Literature and Writing & Grammar 11 daily.*

Writing & Grammar 11 presents and reviews key concepts in grammar, usage, and mechanics. It includes writing projects to develop writing and communication skills, as well as reference chapters for library and study skills. The video course includes segments that explore common grammar mistakes and inspirational insights on why students should write.

American Literature uses the reading process approach to encourage high-level reading comprehension and critical-thinking skills as it introduces students to a variety of new authors and genres. Students will also learn close reading and other study skills. The video course includes segments that introduce the topics covered in each unit, explore the authors' lives, and provide dramatizations and animations of literary excerpts. The video course focuses primarily on literature and writing while also offering regular review of key grammar concepts.

12

Welcome to the final grade of high school! This year is an important milestone as your student develops as an independent learner, completes high school, and prepares for the future. Your student will strengthen a biblical worldview through learning about the biblical purpose of government, analyzing models in physics, and examining economics from the perspective of biblical stewardship.

Your senior will

- read excerpts and whole pieces from British literature,
- study trigonometry and polynomials,
- and analyze branches of the American government.

Grade Kits

Our homeschool courses come in a variety of formats that enable you to choose the approach that works best for your family. Your students can watch our recorded video lessons, or you can teach the lessons at your own pace. For grade 12, our non-consumable textbooks, quizzes, and tests are also available online with any video course. DVD kits now include complimentary online access. The Homeschool Hub also integrates with the approach you choose, making your homeschooling simpler and happier!

Subject Kits

Video Teacher: Bill Harmon

Physics (3rd edition)

Your student will learn about classical mechanics, periodic motion and wave theory, quantum physics, nuclear physics, and more. The course is mathematically rigorous and algebra-based. To help your student succeed, the necessary math skills are gradually introduced and are reinforced with numerous example problems.

Video Teacher: Ken Matesevac

Precalculus (2nd edition)

This course presents a balanced study of the foundations of calculus and practical real-world applications. Students will review key families of functions before studying trigonometry and its applications. The study of matrices, analytic geometry, sequences, and series completes the foundation for higher math courses. Concluding chapters introduce descriptive and inferential statistics and differential and integral calculus.

For a complete educational experience, additional purchases are required. Students will need a TI-84 Plus (or equivalent) graphing calculator for this course.

Video Teacher: Cynthia Bullock

Economics and American Government

Course includes one semester of Economics and one semester of American Government.*

Economics is a one-semester course that teaches economic principles from a conservative approach. Each chapter contains information about personal finances and encourages a biblical view of stewardship. Throughout, students are encouraged to think critically about economic issues.

American Government prepares your student to function as an empowered citizen with a biblical perspective of government. Your student will examine American government from multiple biblical perspectives and review relevant events from recent years. A thorough understanding of our nation's history and governmental structure will enable your student to optimize his or her impact for the glory of God.

Video Teacher: Lesa Seibert

English 12

English 12 includes one semester of Writing & Grammar 12 and one semester of British Literature.*

Writing and Grammar 12 reviews the writing process as well as grammar and mechanics. Students prepare portfolios consisting of twelve writing assignments: descriptive essay, persuasive essay, college application essay, monologue, sonnet, dramatic scene, response to a dramatic scene, research report, issue analysis essay, comparison and contrast essay, video report, and in-class essay.

Video Teacher: Jennifer Martini

In this British Literature course, students read chronologically through British literature from the 700s to the present, focusing on four major literary periods: the Middle Ages, the Renaissance, the Age of Revolution, and the Age of Reform. Students read a variety of authors, focusing on their influence on society and society's influence on the authors. The course builds on instruction from previous years to demonstrate the development of literature.

Video Teacher: Bill Harmon

Consumer Math (3rd Edition)

This is a personal finance course that offers your student insightful guidance for stewarding money for the glory of God. This course discusses income, budgeting, banking, buying houses and cars, insurance, taxes, and planning vacations. Daily lessons will explore the reasons behind financial decisions—such as budgeting, buying, and saving—and then dive into the best practices for making these decisions.

American Sign Language

This course is only available as an online video course. Separate teaching resources are not available.

This course introduces students to communicating through American Sign Language. Students will begin learning the structure of the language and basic topics for use in conversations with sign. Segments and special features will put sign language in context through visuals and footage from native ASL signers. Students will also learn about Deaf culture, the issues that concern them, and how to reach them with the gospel.

Grade 4

Heritage Studies 4: Our United States

(4th edition)

Heritage Studies 4 presents the cultural geography of the fifty states and five territories according to their regions. Students will examine the history of each state and territory

as well as an overview of American history. Students will analyze individual actions, pivotal decisions, and cultural movements from a biblical worldview. This course also teaches students to assess the impact of the Christian faith on state and territorial culture, citizenship, environment, and economy.

Fundamentals of Literature

(3rd edition)

In Fundamentals of Literature, your child will delve into six key themes in literature—conflict, character, theme, point of view, structure, and tone—using a biblical worldview.

The student edition features a diverse array of literary works, including “The Most Dangerous Game,” excerpts from *The Odyssey*, “The Gift of the Magi,” selections from *Don Quixote*, a full study of the play *Cyrano de Bergerac*, and more. Your child will sharpen close-reading and critical-thinking skills by answering text-based questions and completing writing assignments designed to foster deep analysis of literature.

Biblical Worldview: Beyond the Basics

(2nd edition)

With Biblical Worldview your child will be able to explain how worldviews affect the way people think and live, while also analyzing gender, marriage and family,

government, and the arts—all from a biblical perspective. Your child will learn how to share Christian beliefs with others, defend biblical doctrine, refute false teaching, and engage in discipleship. Additionally, your student will learn how to apply a biblical worldview to life, propose biblical ways to contribute to culture, and defend a biblical worldview.

Iowa Assessments™ Form E

Iowa Assessments Form E measures achievement in concepts and subject matter commonly taught in K5–grade 12.

- Detailed score reports found on the account of the ordering party
- Shows your child's rankings on graphed percentile bands
- Identifies your child's reading level with the **Lexile® Framework for Reading**
- Uses the **Quantile® Framework for Mathematics** to demonstrate your child's math skills
- Estimated testing time: 4–6 hours (usually 2–3 days)
- Must be scored by BJU Press (scoring included with price)

Cognitive Abilities Test™ (CogAT®) Form 7

Cognitive Abilities Test (CogAT) Form 7 uses brief subtests to assess a student's verbal, numerical, and nonverbal skills and learning potential.

- Predicted National Percentile Rank compares student ability to achievement
- Ability Profile code from the score report allows access to additional free resources online
- Free practice tests available upon request (with *CogAT* order only)
- Estimated testing time: 2.5 hours
- Must be scored by BJU Press (scoring included with price)
- Available only in combination with *Iowa Assessments*

Iowa Algebra Aptitude Test™

Iowa Algebra Aptitude Test demonstrates your child's readiness for first-year algebra.

- For grades 7–8
- Estimated testing time: 1 hour
- Scored by test administrator
- Report to Families included to explain the test in detail

Shipping Information

The charts below provide shipping charges and estimated delivery times based on your location, chosen shipping method, and total order value. All charges are stated in US dollars.

Est. Time in Transit	Contiguous US		APO/FPO	AK, HI, Trust Territories			
	3–7 days	2 days	1 day	5 days*	7 days	2 days	1 day
Order Value	Ground	Air		Air***	Air***	Air	
under \$100	Free	\$30.00 (minimum)	\$50.00 (minimum)	Free	\$20.00 (minimum)	\$35.00 (minimum)	\$50.00 (minimum)
\$100		25%	50%		25%	35%	65%
\$200		25%	40%		20%	30%	55%
over \$2000		15%	30%		15%	25%	45%

*Time to APO/FPO exit port

**Alaska, Hawaii, and other US territories, please contact customer service for additional shipping information.

***US Mail, First Class

For pickup orders at the Press Distribution Center, please allow 4 business days. Orders not picked up within 2 weeks of date for pickup will be returned to inventory.

Canada		
Est. Time in Transit	2 days	8 weeks
Order Value	Air ¹ (add GST)	Surface ²
under \$100	\$35.00 (minimum)	\$30.00 (minimum)
\$100	30%	35%
\$200	20%	30%
over \$2000	15%	25%

¹Includes brokerage; GST is not included; please add to your order form. Charges are stated in US dollars.

²US mail; the customer is responsible for brokerage and GST.

International (Other than Canada)				
Est. Time in Transit	up to 2 months	2–5 days	2–5 days	2–5 days
Order Value	US Mail ¹	Air—Western Europe ²	Air—Pacific Rim ²	Air—All Others ²
under \$100	\$50.00 (minimum)	\$60.00 (minimum)	\$60.00 (minimum)	\$65.00 (minimum)
\$100	55%	55%	65%	80%
\$200	50%	50%	60%	70%
\$500	45%	45%	50%	60%
over \$2,000	40%	40%	35%	50%

¹US mail; customer responsible for brokerage and taxes.

²Includes brokerage; charges are stated in US dollars.

International US mail and US mail First Class: Any shipment lost or damaged becomes the responsibility of the customer. Shipping rates are subject to change without notice. Additional fees will be charged on orders that exceed estimated shipping fees.

Order Form

Ordering Options

- Order online at bjupresshomeschool.com
- Order by phone from all states and Canada by calling **800-845-5731**
- Order by phone internationally by calling **864-770-1317**
- Order by mail by mailing all applicable order form pages to
 BJU Press
 1430 Wade Hampton Blvd.
 Greenville, SC 29609-5046

By ordering by phone or mailing this order form to BJU Press, you authorize payment for all requested materials.

Tax Information

- BJU Press is required by law to collect your state and local sales/use tax, so please be sure that this tax is included in your total. State requirements differ; please see below.
- AR, CO, CT, DC, GA, HI, IN, KS, KY, MN, MS, NC, ND, NE, NJ, NM, NY, OH, PA, RI, SD, TN, TX, VT, WA, WI, and WV require tax on shipping as well as on merchandise. Please multiply your state and local sales/use tax rate by Subtotal B.
- All other states should multiply their state and local sales/use tax rate by Subtotal A (merchandise only).
For pickup orders, please add 6% SC sales tax on all items except student textbooks, workbooks, and teacher editions.
- Please add Canadian tax for air shipments to Canada. Multiply tax rate by Subtotal A.

WRITE-IN TOTAL _____
 Online/DVD TOTAL (from page 120 or 121) _____
GRAND TOTAL _____

When faxing or mailing your order, be sure to include page 113.

Payment Plan

If the merchandise total of your order is \$350 or more, you are eligible for our Payment Plan.

You must have a valid debit/credit card to use the Payment Plan.

1	Enter the Grand Total from page 114. (Merchandise total [Subtotal A] must be at least \$350.)	
2	Payment Plan Fee	\$50.00
3	Add lines 1 and 2.	
4	Multiply line 3 by 15% (Line 3 x .15). This is your Down Payment .	
5	Subtract line 4 from line 3. This is your Remaining Balance.	
6	Divide line 5 by 9 (Remaining Balance ÷ 9). This is your Monthly Payment .	

Monthly Payment Plan Terms and Conditions

By enrolling in the automatic monthly payment plan, the customer agrees to the following:

- The customer authorizes BJU Press to automatically charge his credit card each month until the balance is paid in full.
- The amount charged will be approximately one-ninth of the balance due after the original down payment has been charged and may vary slightly due to applicable taxes.
- A one-time fee of \$50 will be applied.
- The monthly billing will be charged to the customers credit card each month on the same date the down payment was charged.
- A \$25 service fee will be charged for each month in which a credit card charge is declined.
- Returns of any payment plan order will be applied to satisfy the payment plan before any refund can be made.
- Default of monthly payments voids the payment plan.
- Default on Online Video Courses will result in suspension of service and permanent loss of records.
- Customer is responsible for all collection fees allowable by law on accounts in default.
- Payment Plan orders are not final until approved by the BJU Press Business Office. Payment totals are subject to change based on product availability. Products not immediately available at the time of purchase will be excluded from the Payment Plan and will be charged in full when they become available.

I have read and agree to the Payment Plan terms and conditions above.

Please fill out all applicable information, including credit card information, on page 113.

Online Order Information

- Online courses are available as full-grade kits (K4–grade 12) as well as individual subjects (K5–grade 12 only).
- Online courses that ship between February 1–May 31 will have a 20-month access period. Courses that ship after June 1 will have a 16-month access period. Please note that the access start date is based on the ship date of course materials, not their order date or video availability. Please see the video course agreement on pages 122–23.

- † Within the same grade these courses (Science 1, 2, and 3/Heritage 1, 2, and 3) may be combined at the course price (\$359).
- Full-grade online kits may also substitute core subjects up or down one or two grade levels within grades 1–12. Maximum of two subject substitutions.
- No course substitutions between elementary and secondary English.
- Online video courses require a high-speed internet connection for streaming video daily.

BJU Press Video Course Agreement

In consideration of the mutual promises contained in this Agreement, BJU Press and the Subscriber agree to the following conditions:

Use Agreement

The Subscriber agrees that the Content is the property of BJU Press, and Subscribers have only viewing/use rights. The lessons may not be duplicated, rented, sold, copied, or distributed in any way to anyone. The rights given in this Agreement are nontransferable. Content, as used in this Agreement, includes videos, online assessments, teacher-prepared handouts, answer keys, and any other materials provided by BJU Press and pursuant to this Agreement.

DVDs—DVD courses that ship between February 1–May 31 will have 20 months to complete the course and return the DVDs. Courses that ship after June 1 will have 16 months to complete the course and return the DVDs. The DVDs must be returned by the required date. Failure to return the DVDs by the end of the access period will result in a penalty of \$100 per month up to a maximum of \$500. DVDs that are returned in an unusable condition will result in a penalty of up to a maximum of \$500. Please note that the start of the lease is calculated from the ship date of individual courses, not their order date.

The DVDs should be returned in the original packaging. A prepaid return label (for the 48 contiguous United States only) will be emailed prior to the required date, as previously noted, to ship the DVDs (only). Return instructions will be included with the email. Use of the return label(s) for other purposes is strictly forbidden by the carrier (e.g., FedEx) and will result in additional charges to the customer. Please use the prepaid return label to return DVDs by or before the required date.

Other return shipping is the responsibility of the customer. Please note that the start of the lease is calculated from the ship date, not the order date.

Online—Online courses that ship between February 1–May 31 will have a 20-month access period. Courses that ship after June 1 will have a 16-month access period. Please note that the access start date is based on the ship date of course materials, not their order date or video availability.

Subscriber Approval

Pricing and program details are subject to change without notice. This Agreement is not final until accepted by the home office of BJU Press.

Acceptance will be based in part on the following:

Qualification of Subscriber as a residential home educator

The BJU Press Video Course program is not available for group use. A school Video Course program is available directly from BJU Press. Call 800-845-5731 for information on group use.

Satisfactory payment/credit arrangements with the Subscriber

BJU Press requires payment at time of order. Payment can be made by credit card, in cash, or by check (US funds only). Qualified customers may take advantage of a payment plan. See pages 115 and 124 or bjupresshomeschool.com for more details.

By placing an order with BJU Press, either by phone, fax, email, internet, or other method, the Subscriber agrees to abide by all conditions of this Agreement.

Agreement to additional terms for Online customers related to COPPA and our Privacy Policy as well as the use of the online software is required. These terms will be presented to the Subscriber for approval at the time of registration in the system. In the event that you do not agree to these terms, you may be entitled to a full refund, as provided below (see Refunds Policy on page 124).

Obligations and Qualifications

With this Agreement, BJU Press grants the Subscriber a limited viewing/use license for the specified period to use the Content solely in the Subscriber's own homeschool. The Subscriber acknowledges that all Content remains the property of BJU Press and agrees to use the Content only for the purposes allowed by this Agreement. Use of Content by non-subscribers is specifically prohibited and is a violation of copyright laws.

BJU Press permits Subscribers to duplicate (and therefore assume responsibility for duplication of) any and all reproducible/printable teacher-prepared handout materials for each course. This right to copy and reuse the handouts applies only to handouts—not to textbooks—and only to BJU Press Video Course Subscribers for use within their immediate family (children living in their home).

Obligations of the Subscriber

The Subscriber agrees to the terms of this use Agreement. The Subscriber also agrees to pay such taxes now or hereafter imposed on the Agreement and/or educational use of Content in the Subscriber's own jurisdiction.

The Subscriber acknowledges the right of BJU Press to restrict or terminate service for failure to pay, misuse of the Subscriber license rights, or violation of other provisions of this Agreement. The Subscriber also acknowledges the right of BJU Press to assess such late or collection fees as allowed by law.

It is understood that video lessons from BJU Press are for viewing/use rights only. This is a license to use the Content only—you may not pass on the license in any form. This license prohibits the Subscriber from renting, loaning, sharing, duplicating, or trading the Content on the Video Course program or handouts unless expressly allowed by this Agreement.

DVDs—The Subscriber agrees to provide a DVD-R playback device. BJU Press Video Lessons on DVD will play on most approved DVD-R players and computers.

Online—The Subscriber agrees to provide an approved playback device (hardware and software). BJU Press Video Course Content will play on most approved computers.

If the Subscriber's player or computer will not play the Video Content, the Subscriber may contact customer service (800-845-5731) for return instructions (see Returns Policy on page 124).

Availability of Content

All lessons are subject to availability and subject to change without notice. Teachers may vary from year to year and are subject to change without notice. Lessons and teachers can be confirmed at the time the order is accepted.

Agreement

The placement of an order affirms the concurrence of the Subscriber with the terms of this Agreement and thereby binds the Subscriber to these terms. This Agreement supersedes any prior or existing proposals, whether oral or written, and all negotiations, conversations, discussions, and understandings between BJU Press and the Subscriber.

Shipping Information

- Video Course materials will be shipped within 30 days, subject to availability.
- Faster shipping methods are available for an additional cost. Please contact BJU Press for details 800-845-5731.
- Books are shipped separately from the Video Lesson media.
- Products are shipped only after satisfactory payment has been received. Full payment is required for non-payment plan orders.
- Customer Service 800-845-5731.
- Cost and compliance of international shipping is the responsibility of the Subscriber.

Applicable Law, Disputes

In the event of any dispute related to this Agreement, the parties will attempt resolution pursuant to biblical principles, utilizing negotiation and mediation. If this is unsuccessful for any reason, venue for any legal action shall be in Greenville, South Carolina. This Agreement shall be construed pursuant to South Carolina law.

Online

Children's Online Privacy Protection Act (COPPA) Privacy Policy, Notice, and Verification of Parental Consent

BJU Press takes great pride in providing exceptional service for our valued customers. In keeping with this commitment, we are dedicated to protecting your privacy and handling any personal information we obtain from you with care and respect as described in our Children's Privacy Policy. This Children's Privacy Policy is designed to answer your questions regarding our privacy policies and principles with respect to children under the age of 13.

Although BJU Press, as a non-profit entity, is not subject to the requirements of the Children's Online Privacy Protection Act (COPPA), we seek to abide by its provisions as a matter of policy. It would require that we inform parents and legal guardians about how we collect, use, and disclose personal information from children under 13 years of age and that we obtain the consent of parents and guardians in order for children under 13 years of age to use BJU Press Homeschool Hub™. Below we explain how we do that for these children. Also, the use of the term *parent* below includes legal guardians.

What types of personal information do we collect about children?

BJU Press does not knowingly collect information from children at BJUPressHomeschool.com. BJUPressHomeschool.com is designed to allow adults to purchase BJU Press products and materials. However, if a parent registers his or her child for BJU Press Homeschool Hub, BJU Press will collect information from the parent about the child in order to provide the child with online access to course content, including video presentations, assessments (online and/or printable PDFs), and other educational materials as deemed appropriate and applicable by the course instructor at BJU Press Homeschool Hub. BJU Press will collect the following information from the parent about the child: first and last name, birth date, gender, and grade level. We collect birth dates to validate the age of each child.

How do we use and share the personally identifiable information that we have collected about children?

BJU Press will use the child's demographic information to register the child for the BJU Press Homeschool Hub courses purchased for the child by the parent. Registering a student requires the parent to provide a username and password and to confirm his or her first and last name. In addition, the child has the option to

upload a Profile Photo. Uploading a Profile Photo is completely optional and subject to the parent's discretion.

After logging into BJU Press Homeschool Hub, a child will have the option to update his or her profile and provide the following additional information: Account Information, including full name, complete mailing address, and phone number(s). Adding profile information is completely optional and subject to the parent's discretion. BJU Press recommends that children not complete the additional profile information.

The child's information will be used to keep track of course progress and grades earned.

A child's personal information will be used only by BJU Press Homeschool Hub staff as necessary to provide services related to the child's enrollment. In addition, we may share a child's personal information with third parties to the extent reasonably necessary to protect the security and integrity of our sites; to take precautions against liability; to respond to judicial process; or to the extent permitted under provisions of law to provide information to law enforcement agencies or for an investigation related to public safety.

How do we notify and obtain consent from parents for the collection of information from their children?

BJU Press requires that parents, prior to enrolling their children, review and agree to our terms and conditions, including our Children's Privacy Policy. By registering a child for BJU Press Homeschool Hub and submitting credit-card payment for services, parents indicate agreement with the BJU Press Children's Privacy Policy and authorize BJU Press to collect and use the child's information as described in this policy. Parents who submit payment using check or cash will need to sign and return a statement indicating their agreement with this policy.

How can parents review, change, or delete personally identifiable information about their children?

Parents may review, change, or delete their child's personally identifiable information at any time by logging in to the parent's account at BJU Press Homeschool Hub. Parents may contact BJU Press Customer Service at 800-845-5731 at any time if they require additional assistance with their child's account. You may also email us at bjupinfo@bjupress.com. Completely removing the child's information will require the parent to withdraw the child from BJU Press Homeschool Hub.

How will we notify parents if our Children's Privacy Policy changes?

Our Children's Privacy Policy may be amended at any time but will always be made in conformance with applicable law, including applicable provisions of COPPA. For any material changes to our Children's Privacy Policy, we will email parents who have enrolled their children in BJU Press Homeschool Hub.

How can parents contact BJU Press with questions about our Children's Privacy Policy?

If you need further assistance, you may email your questions or comments to us at bjupinfo@bjupress.com. You may also call us at 800-845-5731 or write to us at

BJU Press Customer Service
1430 Wade Hampton Blvd.
Greenville, SC 29609

Monthly Payment Plan Terms and Conditions

By enrolling in the automatic monthly payment plan, the customer agrees to the following:

- The customer authorizes BJU Press to automatically charge his credit card each month until the balance is paid in full.
- The amount charged will be approximately one-ninth of the balance due after the original down payment has been charged and may vary slightly due to applicable taxes.
- A one-time fee of \$50 will be applied.
- The monthly billing will be charged to the customer's credit card each month on the same date the down payment was charged.
- A \$25 service fee will be charged for each month in which a credit card charge is declined.
- Returns of any payment plan order will be applied to satisfy the payment plan before any refund can be made.
- Default of monthly payments voids the payment plan.
- Default on Online Video Courses will result in suspension of service and permanent loss of records.
- Customer is responsible for all collection fees allowable by law on accounts in default.
- Payment Plan orders are not final until approved by the BJU Press Business Office. Payment totals are subject to change based on product availability. Products not immediately available at the time of purchase will be excluded from the Payment Plan and will be charged in full when they become available.

BJU Press Policies

Returns and Refunds

Returns must be made by the original purchaser and approved by BJU Press, and materials must be returned in new, unused condition.

Please get prior approval from BJU Press for all returns.

Return Policy

- Contact customer service within 10 days if you receive defective or damaged materials. Defective or damaged materials should be returned within 2 weeks of notifying BJU Press.
- We do not accept returns or offer refunds after 90 days.
- eTextbooks are not eligible for return or refund.
- Partial returns cannot be accepted on kits and sets.
- For partial returns, please include a copy of the packing slip with the returned items circled.
- Pack returns tightly in a sturdy box. Boxes should not exceed 40 pounds.
- All materials should be returned via FedEx, UPS, or parcel post (insured). Customer is responsible for all shipping expenses.
- HomeWorks orders receive extended return options. Details given at point of sale.

Please send all returns to

BJU Press Distribution Center
134 White Oak Drive
Greenville, SC 29607

Refunds Policy

- We can offer a full refund only for products returned within 30 days from receipt (or within 30 days from when online content is made available), excluding all expedited shipping charges paid at the time of the initial order.
- After 30 days, a 10% restocking fee will apply.
- BJU Press will process your refund to the payment method provided on your order. Credit from a return may not be applied to a new order.
- Liability of BJU Press for all claims shall be limited to a refund of amounts paid by the purchaser/subscriber.

Extensions

For an additional fee, DVD grade kit and subject kit usage periods may be extended. Please contact BJU Press at 800-845-5731 for more details.

For an additional fee, online subject kit usage periods may be extended. Please contact BJU Press at 800-845-5731 for more details.

Back-Orders

Back-ordered items will automatically be shipped to you when they are available. Your credit card will not be charged for a back-ordered item until the item is shipped.

Shipping Information

- Orders with expedited shipping will follow normal processes before shipment. Shipping and handling are to be paid by the customer, based on the shipping method you have selected (see chart on page 112). You may call customer service for details.
- We cannot hold orders for a later shipping date. All orders will be processed when they are received.

Pricing Information

- Orders are not final until approved by the BJU Press office. Order form totals, sales/use taxes, and shipping costs will be checked and corrected in processing.
- All sales are FOB Greenville, SC.
- Prices are effective February 1st of the current year and subject to change without notice.
- Payment must be made in United States funds.

Tax Information

We are required by law to collect your state and local sales/use tax. This includes sales/use tax on shipping charges in states where applicable.

- AR, CO, CT, DC, GA, HI, IN, KS, MN, MS, NC, ND, NE, NJ, NM, NY, OH, PA, RI, SD, TN, TX, VT, WA, WI, and WV require tax on shipping as well as on merchandise. To calculate sales/use tax in this order form, add your first subtotal to your shipping cost (see page 112) and multiply by your state's tax rate.
- Customers in all other states should multiply their state and local sales/use tax by their first subtotal.
- For pickup orders, please add 6% SC sales tax on all items except student textbooks, workbooks, and teacher editions.
- Please add Canadian tax for air shipments to Canada. Multiply tax rate by your first subtotal.

STANDING STRONG IN A SHIFTING WORLD

IN TODAY'S WORLD, PARENTS
HAVE A UNIQUE CHALLENGE

to find a university that will uphold the
values of their home.

For 98 years **Bob Jones University** has remained anchored in Scripture and provided a nurturing environment where faith, character, and knowledge grow together. In a world that wants to shake identity, BJU believes education is about more than career prep—it's about shaping hearts and minds to live with purpose and integrity for God's glory.

Sudoku Jr.

Fill in the boxes! Each row, column, and box must have the numbers 1–4 without repeats. Ready, set, solve!

ALPHABET LETTER LOOKOUT

Can you spy the alphabet? Spot something for each letter and check it off. Playing with a friend? Use different colors to see who finds them all first!

Co-Op Admin Portal

We're excited to introduce the Co-Op Admin Portal, a *powerful tool* designed to enhance your homeschooling experience!

This portal makes it easy for parents to connect their students to a co-op or school, fostering a strong sense of community.

As a co-op organization, you can effortlessly add teachers and assign students to teachers, ensuring everyone gets the support they need. The portal allows teachers to access courses and resources assigned to students in the Homeschool Hub, track course progress, assess online quizzes and tests, input grades, and generate grade reports—all from one convenient platform.

We're here to help you create the best educational experience for your students. If your co-op organization is interested in the Co-Op Admin Portal, please reach out to us at bjupinfo@bjupress.com or talk with your HomeWorks Consultant.

No homeschool parent should feel alone.

Join our amazing online community, where parents just like you come together to share the joys, challenges, and unforgettable moments of homeschooling.

Connect with others who truly understand your journey—swap stories, exchange ideas, and celebrate milestones together. Let's build a supportive network where we uplift each other and thrive!

Check out our blog and monthly newsletter for discounts, insights, and creative ideas to enrich your homeschool experience. Join us today and become part of a community that feels like family!
